INTERVIEW SUMMARY

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Commissioner:

A telephonic interview was held in the case on May 21, 2004 between the undersigned representative and the Examiner. It was agreed to amend the instant claims by adding PAGs to claim 1 and submit a supplemental 1.132 declaration in support of the function of the PAGs in the early pregnancy detection.

Although it is believed that no Interview Summary is required, Applicants are submitting the instant Interview Summary out of an abundance of caution as neither of the boxes in Part III of the Examiner-Initiated Interview Summary was checked to indicate whether an interview summary was required or not.

Respectfully submitted,

Robert E. Hanson
